

## *On-Location Portrait Sessions*

### Try Something Different

Here is your opportunity to take advantage of the great outdoors and beauty of the seasons for your next family or individual portrait session. We utilize local outdoor locations for your shoot. Why not make your next family photo session a fun outdoor event photographed by our friendly staff at Photohog Photography?

Prefer to stay home? No problem. Let us come to you. Take advantage of several different outfits in your closet during one photo session. Use the fine décor of your home inside or landscaping outside as an eye catching backdrop in your images. With our mobile studio, we can set up in your house or garage and you will have the option of using one of our studio backdrops.

Not sure where to go? We can help you with that too. If you would like to book a session but want our opinion on a good location just call. We will be happy to consult with you to assess the options.
